EXPERIENCE

Code Platoon | *Teacher's Assistant* — New York, NY

October 2022–Present

- Hosted office hours, led review sessions, and initiated daily 1:1 meetings with students of coding bootcamp for veterans

Silq | *Software Engineer* — New York, NY

July 2022–September 2022

- Updated and maintained data models, wrote data queries and mutations using GraphQL and Graphene, implemented resolver and service functions using Python with Django, and connected them to the front end with Retool and Javascript
- Collaborated with product manager to identify, fix, and refactor bugs in queries, mutations, models, and service methods
- Participated in daily stand up meetings and product design meetings and reviewed pull requests from team members
- Expanded codebase testing coverage by adding scripts to the test suite for both me and my teammates contributions
- Assisted in epic and sprint planning, task pointing and assignment, backlog grooming, and retrospective meetings

Bolt Sports Analytics | *Software Development Intern* — Ithaca, NY

October 2021–May 2022

- Implemented landing page and interactive data visualizations using Javascript for data driven hockey skating improvement

Milstein Summer Program | *Researcher* — New York, NY

June 2021–August 2021

- Researched computer generated images and text using Style-GAN and GTP-3, programmed image classification game, created fake art, election posters, and Instagram/Twitter posts to assess how people respond to computer created content
- Improved the online payment system with Stripe for Heat Seek, an NYC based startup focused on protecting tenant rights

Mac's Café | *Barista* — Ithaca, NY

January 2020–May 2022

- Prepared smoothies, coffees, chopped salads, flatbread, prepped food, restocked stations, cleaned facility at close

Yellowstone Club | *Waiter* — Big Sky, MT

December 2021–January 2021

- Waited tables, greeted and sat patrons, ran food and drinks, took reservations, prepped food, cleaned after service

Winnetka Park District | *Beach Manager, Lifeguard* — Winnetka, IL

April 2016–September 2019

- Led Red Cross training and certification courses, opened and closed beaches, managed patron and employee safety, handled scheduling for 60+ employees, recorded daily financials, conducted weekly lifeguard audits, cleaned facilities

ACTIVITIES

Milstein Scholar | *Milstein Program in Technology and Humanity* — Ithaca, NY

May 2019–Present

- Selected to attend additional classes and workshops during academic year and participated in a special summer program
- Co-lead of a team partnered with local café to use technology in solving waste/recycling issues in the dining system

Cornell Concrete Canoe | *Business/Logistics Subteam* — Ithaca, NY

October 2018–December 2020

- Found and maintained corporate sponsorships, kept material inventory, ran fundraisers, edited final design report in LaTeX
